

### Welcome to our hut!

Please respect the following rules in order to make your stay as pleasant as possible – for you and for the other guests:

Keep the hut and the mountains clean; take litter with you to dispose of it in the valley.

*Remember: Even after 100 years plastics will not have decomposed!*

Don't forget your entry into the hut's register (incl. mobile phone number). This helps the mountain rescue team to start a well-directed search in case of an accident!

Keep the nighttime peace from ..... o'clock till 6 o'clock. If you leave early, please do not disturb the persons sleeping.

Do not enter the dormitories with hiking or ski boots.

Cooking and eating in the dormitories is not allowed. For safety, open flames (candles, camping stoves, etc.) are strictly forbidden.

For the sake of our environment and fellow guests, sleeping bags must be used on all beds. Hut sleeping bags are sold here.

Show courtesy to the other guests and use your audio equipment with headphones (and at appropriate volume) only.

Smoking is completely forbidden in the hut.

If you want to bring your pet, please check with the hut keepers about the possibility of accommodation, prior to starting your tour.

We wish you a pleasant stay and great tours without any accidents.
